I don't know what's going on with Fubie's thread (I messaged her a few days ago & haven't heard back yet)... anyway, as far as I know, I still need a room too (het female, 19, sane most times :), quiet)... anyway, I'm just throwing it out there if ya need roomies (I know you guys haven't made reservations or anything yet). Edit: sorry, yes, the other thread's dead.
