
Ai no kusabi

Posted by deathlydee - 2007/08/31 04:17

ive been told that i can ask around here concerning Ai no kusabi the manga and its release date. if anyone can actually answer my question that'd be fantastic.
ive searched and some sources say 'no english version will be released' or 'an english version will be released' so im not sure what to believe.
hopefully someone here will be able to say a yes or no and have a roundabout date of the English novel Wedge of Interval.
cheers

Apparently, it was announced last year at Yaoicon 2006 by June Manga and will in fact be released in English. The release date is November 20, 2007. (Yay google!)

I'll be looking for it, too, since all I've seen was the poor quality fansub with the yellow stripe across the top. :oops:
