
E-mail Questions

Ok I'm sending all my Pre-reg stuff in along with my two friends Stuff. Do I need to print out the E-mail page or can I copy paste it into a Word file and print it from there...I'd really like not to mess just this close to the Deadline.

Also We photo copied all of our IDs onto one page is that going to be a problem?

Please email registration @yaoicon.com -- you're more likely to get a quick response that way.
