
HOW TO GET AROUND!

Posted by hibaakaiko - 2007/10/10 15:17

Just as a note!!!!!!! I will be posting this all over the place!!!!!!

The cal train in about .7 miles away (i think that would take about 15 min. walking ot get to) The cal train goes to the SFO so you can catch the bart from there to get around.

Then it seems like the 292 bus runs from S Delawear to down town SF and that is only .4 miles away, much closer, and I think that would take about 10 min. walking. you can hop off this bus at montgomery (however you spell that) and catch the 2,3, or 4 bus to Japan town.

SO It seems that, even though the hotel shuttle does not get around as often as we would like, we can still get around rather well without it!! Just to let you mass transit junkies know ^^

It would take fifteen minutes, were you to crawl the whole way. :]

It's about two blocks. :p

<< I rounded way up because I don't know how out of shape people are, I could probably do that in five min flat, run it even faster, but I'm in tip top shape from biking and doing Tea Kwan do for two hours every night<<

Yes. Molesting or being molested (in a good way) is very distracting.
