A friendly reminder;

Yaoicon's AMV Postmark deadline is September 14th. All videos need to be in the mail by that time. Just a little more than a week left; happy editing.

I wish I could have entered this year too XD (lots of computer problems pretty much limited me to that single Yaoi Dream Puppets segment >\_> )  
It'll still be fun attending though :D Can't wait to see all the pretty videos Å³Å°

When do we receive word on who made the cut? I sent my video a week ago and I have no idea if you've acquired it yet...

x3. Or is it similar to what they do at NDK where you don't find out until the contest itself, or something is posted after the con for those who couldn't make it to the convention?

Normally I don't post them till the con due to time constraints but this time I THINK I should be able to post them hopefully tonight or tommorow night. There were some technical difficulties with the hard drive storing the videos that I just fixed it a couple days ago.

Just an update; I apologize for the delay on teh finalists, my laptop where I kept them had a bug hit it and I've been working on recovering teh data all day. I think I got everythign up and running so the results are delayed by at least a day.

Just didn't want to leave you in the dark.
