not sure if I should encourage this or not... but if it involves butt sex I won't stop you. Mind you, plastic works just fine as far as I'm concerned and Gabe's easy so go for it! (love ya Gabe!)

I told Pumpkin to look for bishies in the Amazon, haven't seen her around lately... hope she didn't take me literally, the bishies there are cannibals and that certainly won't do you any good!
