
Cosplay photo requests?

Posted by tallis - 2007/10/29 08:38

I know it's only a day after the con, but I thought maybe we should have a request thread for people who want pictures of themselves/their cosplay groups. To start off, here's mine:

FRIDAY - Kurogane and Fai (Tsubasa Reservoir Chronicles artbook) - we were in red and black, and were directing people towards registration.

SATURDAY - cowboy Usopp (Wild West! One Piece colorwalk) - I had a nose that looked like a penis, hahahaha.

SATURDAY NIGHT - Benn Beckman (One Piece) - No eyebrowsssss.

SUNDAY - Donquihote Doflamingo (One Piece) - Monstrous pink feather coat. You probably saw my feather trail all over the con.

hey, if anyone took a picture of my yuui cosplay on Sunday morning, I would like it very much! only a few people got to see it because I had to leave con early ^-;; it looked like:

version one:

long blond hair (5 feet)

fuzzy WHITE Celes cloak, with blue detailing lined in gold

face was made to be gaunt and dead-looking

version two:

long blond hair (5 feet)

fuzzy BLUE Celes cloak, with white detailing lined in gold

wore black clothing underneath

(From Tsubasa Reservoir Chronicles)

If anyone has my photo, I'd appreciate a link! ^^

I was the girl with the reddish kimono and long black hair, with a creepy face behind my head.

Yoo-hoo!

I was the Red/Black maid during the bishounen host cafe and early bingo, the doll in the auction, and the kinky Raccoon Police Sergeant running around on Sunday and in Closing Ceremonies. Any pictures would be very appreciated.

ShadowDark - oh! Were you the one that was sitting behind us (Rufus, Zack, Reno), then? =D Reno said she'd get that pic from you!

Thanks for sharing! =D

(btw, we're not an official group. It just sort of happened at the con. FFVII people tend to group together I guess)

Does anyone have any of Zack (me) and Cloud sitting on my lap? =3

EDIT: Just so I don't seem like a total pic leech, I have pics of pretty much all the FFVII cosplayers, as well as some FFVIII, and maybe a few other random people/places. I've got around 300 images from YaoiCon. o_o

Rufus/Reno

Hey. I was cosplaying Rufus and had my Reno on a collar and leash most of the con. We didn't end up getting any pictures of us and was wondering if anyone had any.

Also I know a few people filmed us and I'd love to get those clips if possible.

If anyone needs a refrence. This is what we look like.

ok then, think it's time to ask the big question.

Any of you took my picture during the con ;)

I'm the Swedish guy, tall red haired guy, mostly cosplayed as Kasanoda Ritsu (from Ouran Highschool Host Club) there, the one with the crappy looking bangs (is that what you call em?)

Though would be great to see any photos of the black chefs uniform I wore at the Auction saturday evening aswell as the white uniform I wore Sunday morning for some hours (remember that atleast 1 person took a picture)

Attended the Cafe, bingo, auction and the raffle.

Okay, I'll jump on the bandwagon :D Anyone got any of the 'classic' Ritsuka (blue jacket etc) or the Neko-nin (aka half naked cat-boy)? It's quite likely I'd have been spotted alongside Pamu (from Silver Chaos) or the Bible Black cosplayer~

Gash Didn't you check out my photobucket album?! And my deviantart account too, I got loads of your piccie... :cry:

Ah, I did look at them earlier, but evidently they were still in the infant stages X3 I'll have a proper look through them later! ^_^

Also, I know some people got some pics of me and Pamu with the 'Bad Neko!' sign, and with the box, and I was hoping to find some of them ^_^

You're showing up next year right? I wanna buy you!

I have like one far-away picture of you getting spanked, its terrible I didn't get better shots...

You'll most likely be able to buy me next year. it all depends on 3 things though: if I manage to get vacation (else I'll just gotta call in sick ;)), if I get chosen for the auction and third if no one else bids higher ;p

though I'd still like to meet and talk a little with anyone really (pm me if you want msn adress)

ok then, think it's time to ask the big question.

Any of you took my picture during the con ;)

I'm the Swedish guy, tall red haired guy, mostly cosplayed as Kasanoda Ritsu (from Ouran Highschool Host Club) there, the one with the crappy looking bangs (is that what you call em?)

Though would be great to see any photos of the black chefs uniform I wore at the Auction saturday evening aswell as the white uniform I wore Sunday morning for some hours (remember that atleast 1 person took a picture)

Attended the Cafe, bingo, auction and the raffle.

Here you go hon! BTW, I was the Edward that's tipping ya! :wink:

Pictures of the two Gravitation groups would be great, if anyone has them.

here's images from our impromptu photoshoot post-Masquerade (hotel lighting sucked ;___;)

(yay we managed to nab Noriko, too. but we lost Mr. K ;___;)

And, thanks again, Masako, for getting pics of my Yuui cosplay!
