## Yaoi Paddle Question

I was wondering if at Yaoi-Con anyone was selling Yaoi Paddles. XD

I can not find anything any where online. Oh, I did find one store that had them, but they were \$40. So then my next question is, if anyone is selling them, how much would they be?

And yes, I read the policy about the props. ^\_^.

Those items are usually restricted to that one site that you saw them at, and no, they aren't at Yaoi-con. (That vendor is banned from the con.) Unfortunately, they saw how popular they were at introduction for \$20, that the price on them has kept going up, to the tune of the \$40 you see now. (They were \$35 last year at some other cons, but they will not budge on the price of them.)

Admittedly, I did get one way back in the days, but there's no way I'd be spending \$35 (or \$40) for one now. At that price, you can probably get one custom-made...

I read something about that stand being banned. When I first say them they were \$20 something. I can't believe that they went up so much.

When I googled I read some people where just thinking about buying a paddle and just adding stuff to it like you said. Do you have any site that do that? Because I have no clue. >.<

Unfortunately, that's something you'll probably have to do locally somewhere. A quick check of the net shows sites that are willing to show you how to do it, or sell you the supplies to do it, but I don't see the service being offered. After getting the paddle, a simple black paint and some letter patterns would allow you to add the wording to it. I'll keep looking after

work and see if I can find something online, though...
