Anyone heard of KKM? I love this anime even though "technically" its not a shonen ai.(I call it one because of YurRam)
I like the theme songs tooXD
And its sooo cool how it has over 70 episodes, a game, and an ovaXD

If youre a fan the 3rd season is supposed to come out somewhere around March(found it in wiki)

Any fans? Whos your fav character and Yuri pairing? Mines YurixKonradXD
