Wow! Youâ€™re from Reno too. This is cool. I remember pointing out to my boyfriend how good your sailor moon costume was. It was one of my favorites at the con.

It's so cool to know there are fans in Reno!

This will be my first Yaoi-Con. Any suggestions? (I'm more a fan of slash fan fiction so not very familiar with yaoi characters.)

I have relatives in Sparks, and I was living with them for a while. From about August of '06 to June of '07. Not there anymore though.

Carson City here!

My friend lives in Reno and I always make fun of her and say there are people just like me there too. She still doesn't believe me, but I have proof now. ;)
