## ONE PIECE at Ycon '08

Come on guys, you know you wanna. 8D I saw a few other OP cosplayers last year, but not too many. It'd be cool if we could manage a get-together this year. If you're planning an OP cosplay, post here!

My current planned OP costume: human Brooke, from the Rhumba Pirates backstory. My gf will be doing Calico Yorke.

I have a Luffy cosplay I'm currently working on for another up and coming con. (It's mainly being mangled by my sister who's a professional cosplayer.) Maybe I'll bring it to this con.

\*Worth bumping\* I just decided on a One Piece cosplay. My friend is planning on a Marine outfit and I know I'll be one of the early pirate captains, but not sure which one yet. I need the jacket, the lovely pirate-y jacket ... I'll see if he wants to come to a gathering or even if not, I'll come. Yay!!

Alright, apparently a bunch of my friends are doing Arabasta arc cosplay for OP. So I will be now cosplaying Kohza. :D

Arabasta Arc huh? That's awesome, me and my buddies are doing the Luffy and Zoro versions of Arabasta for Yaoi Con and we have a Miss All Sunday who should be coming too.

I'll be there as boring old Sanji, hah. My friend may be coming with me, and if she does, I'll force her to be tiny Zoro again. XP

What days are we gathering? And times?

Okay, the official gathering list is showing us as 11am Saturday, in the front lobby. That is perfectly fine for me, I just want to make sure I've got everything right here! :3

My Marine is not coming after all \*pouts\* so I reckon the pirates will run rampant :laugh: Can't believe the con's only a week away!!!
