
Katekyou Hitman Reborn Cosplay

Posted by Pikangie - 2008/06/24 02:38

Hello, I've actually decided with a friend that we would go to Yaoicon this year as characters from Reborn!

I do hope we're not the only ones, however. It just worried me a bit to be unable to find Reborn topics in here. ^^;

I'd be going as Belphegor/Prince the Ripper, and my friend is going to be Hibari Kyouya.

I've finished sewing a Hibird plushie(2 of them) for Hibari, btw:

I've got a Hyper Mode Tsuna cosplay in the works but I'm not sure I'll be able to finish the gloves in time for Yaoi Con. I guess if I can crank em out I'd love to catch up with you guys for some photo ops.

Oh neat~ I'm not sure if we'll be going all weekend, or just Saturday, I'll have to ask him. I'm also still working on my costume, lol... I can't find a black striped shirt for Bel yet, and need to find a blonde wig to style. But we should definitely take photos together!
