My Friend and I have room for two more people at the Marriot Hotel. I have a room with two beds booked for Fri-Sun (checkout sunday). With four people the price would be around \$65 per person for both nights. Please respond if you are interested.

I would be interested. I really don't have a preference, I just need a place to sleep at night. PM me with more details if this is still available. thanks!

I'm totally interested. I went to Y-con last year and decided last minute to go this year, so I need a place to stay ^\_^ . PM me with the details and hopefully I can join in the fun!
